AXEL THAUVIN

AI Engineer specializing in Image Processing & Entrepreneur

06 51 31 50 09 | axthauvin@gmail.com | axthauvin.onrender.com | Github | LinkedIn | Paris

PROFESSIONAL EXPERIENCE

Founder & CTO / AI Engineer

AI-powered job application assistance SaaS – ecrismalettre.fr

07/2025 – Present | Paris, France

- Complete design and development of a SaaS solution generating cover letters, resume analyses, and job offer research.
- Integration and optimization of LLMs.

AI Engineer (LLM / RAG)

Société Générale

09/2025 – 02/2026 | Paris, France

- Developed an LLM-based chatbot to query a documentation database via a RAG system.
- Setup of the model, backend, frontend, and full integration into the company's systems.

Intern – IT Support Department

Nomadia

06/2023 – 07/2023 | Bagneux, France

- Automated ticket processing and resolution workflows using AI (LLM).
- Improvement of technical documentation via AI solutions.

EDUCATION

Engineering Degree – Image Specialization

EPITA

09/2022 – Present | Le Kremlin-Bicêtre, France

- Programming – project management – artificial intelligence – group projects.
- Development of a BitTorrent client, a POSIX terminal, and a 3D raycasting / raytracing rendering engine from scratch.

Bachelor's degree in Computer Science

UPEC

09/2022 – 07/2025 | Créteil, France

International Semester in Computer Science

Sejong University

02/2024 – 07/2024 | Seoul, South Korea

- Studies in a multicultural environment, major in Machine Learning and Database.
- Creation of a CRM with MariaDB and PHP for user and client data management.

ABOUT ME

AI Engineer & Entrepreneur driven by making complex AI simple. My core focus is transforming technology (LLMs, RAG, Image Processing) into user-centric, production-ready tools. I bring an entrepreneurial drive and a product-first mindset to build solutions that deliver real value, from ideation to deployment.

TECHNICAL SKILLS

Programming Languages

Python, JavaScript, PHP, C, C++, C#, HTML, CSS, OCAML, Assembly (Intel x86-64, 6600), Java

Technologies & Tools

React, NextJs, Apache, Electron, SQL, Git, LaTeX, LabJS, Unity 3D, UI/UX design, CMake, Ngnix

Notable Projects

Created Parcoursup Explorer a higher education guidance platform for high school students

Development of ZAMP (integrated Apache, MySQL, PHP stack)

Creation of a 3D rendering engine from scratch in C++

Soft Skills

Project management, Agile methodology, Teamwork, and ability to find creative solutions

ADDITIONAL INFORMATION

Languages:

- **English** : TOEIC 910
- **Korean** : Basic knowledge
- **Spanish** : Intermediate

Driving license

PSC1 First Aid Certificate

Hobbies & Interests:

- Board member of the BackToBasics association at EPITA, offering tutoring to students before exams
- Chess player
- Volunteer at Restos du Coeur (French food bank charity)
- Gymnastics
